

# Email Security

Featuring advanced threat detection

## Security

Featuring Advanced Threat Detection

## Compliance

Featuring Security, Advanced Threat Detection and Archiving

## Complete

Featuring Security, Advanced Threat Detection, Archiving and Backup

## Anti-phishing and account takeover protection

Prevent Spear Phishing, BEC and CEO Fraud, and Account Takeover Infiltration

Whether you use Microsoft Exchange, Office 365 or Microsoft 365 to host your email, each solution provides several layers of protection and comes standard with Security, Advanced Threat Protection, Quarantine Message Web Interface and Sandboxing technology.

## Comprehensive security and data protection for email

The threat landscape is rapidly evolving, but one thing hasn't changed: email continues to be the single most common vector for attackers to use to get into your network. That's why you need a layered security product to detect and block the latest and most sophisticated threats. Locknet's Email Security Featuring Advanced Threat Detection provides complete, cloud-based protection against advanced targeted attacks, helps ensure email continuity, scans outgoing email to prevent data loss, and creates unalterable email archives—all without the need to install any additional hardware or software.

Locknet® offers three affordable, simple yet comprehensive cloud-based solutions: Security, Compliance, and Complete. Standard key features included with each solution:

### Security

Cloud-based protection against:

- Spam
- Email-borne viruses
- Email-based malware
- Phishing emails
- Outbound filtering
- Link protection
- Centralized policy management
- Email continuity
- Integrated end user training
- Data leak prevention
- Email encryption
  - ✓ Sender or recipient
  - ✓ Cloud-based (TLS)

### Advanced threat protection

- Zero-hour targeted attacks
- Ransomware variants protection
- Sandboxing of attachments
- Real-time attachment scans

### Quarantine message web interface

- End users can manage their own quarantined messages
